Will Take Liquor Census

The census of the grown white population of Wrangell will be taken this week according to information given out yesterday by Judge Thomas who received his instructions from Judge Jennings at Juneau. The object of this is to get the expressed opinions of the residents of the town on the liquor question. Heretofore when a saloon asked for the renewal of their license they circulated a petition getting the names of the persons willing that they should sell liquor in the town, but under the new law it requires that the census of the whole town be taken and that every legal American be asked to state his opinion, but that the census must have the names of the residents of the city and that they either state "yes", "no", "non-committal" or "not seen" after their names, before a new license will be issued to any saloon in the town. Another point in the new law is that the one census will do for each of the saloons, but that no matter what the number of signers it has nothing to do with the number of saloon licenses that are to be issued, that is all left in the hands of the District Judge, and at any time he sees fit he may refuse a license to any particular person if he thinks they are not fit to handle the business in a law

respecting way. Judge Thomas appointed C. E. Webber and Earl West to take the census, and they will begin on their duties tomorrow. Another matter of the law is that the compensation of collecting the census must be met by the saloon men.

Alaska Trollers Protective Association

Word comes down from Union Bay that the salmon trollers of that region have organized the Alaska Trollers Protective Association and plan to ship their fish direct to Seattle and the southern markets instead of selling to the mild-curers. The men figure that they can make a better money selling direct than by disposing of their catch to the mild curers and jobbers. They will secure agents in Tacoma and Portland, in addition to Seattle and make the organization permanent if possible. The first shipment of fish will be made on June 5th.—Miner.

The Chamber of Commerce ran their excursion to the new Stikine Trail this afternoon, and about 50 persons made the trip. As time does not permit we will give you a description of the work next issue.

"The Dream" is the proper place to go when in Ketchikan.

Interested In Alaska

Governor J. F. A. Strong and wife, were passengers on the Spokane last Friday returning from an extended trip to the States. Governor Strong in an interview with the Sentinel Man stated that while away he was in Washington, D.C. having been called there for an interview with President Wilson on Alaskan affairs. Governor Strong stated that President Wilson expressed himself as "deeply interested in the development of Alaska and the progress of her people, my interest is not imaginary but is real for I know you have a great country." Governor Strong stated that there are several important measures now before the law makers in Washington that mean a great deal to the country, the coal Land Leasing Bill will mean much for the development of our coal resource. There is also a bill pending for the leasing of Water Power Sites for a period of 50 years, which is another important bill. Governor Strong stated that he had taken up the matter of an appropriation for an Alaskan exhibit at the San Francisco Fair with the officials during his stay in Washington and that the President has not as yet given up hopes that it can be obtained. The Governor gave President Wilson a personal invitation to visit Alaska and see the country for himself, to which

the President replied that if it was at all possible he would accept at the time he comes to the Coast next year. Governor Strong in leaving stated that he was interested in the fishing of our district and that the government was sending a man by the name of Dr. Jones to Southeastern Alaska this summer to make a thorough investigation into the needs and requirements of the fishing industry and the protection of our fish.

Happenings At Town Council

The City Fathers meet in regular session at the Town Hall last Thursday evening. The Councilmen were all present except Mr. Albrecht, and as the Town Clerk way away Mr. Worden acted in that capacity. The first matter before the meeting was the reading of communications, the first of importance was from the Wrangell Electric Light & Power Company asking for a renewal of their franchise for a ten year exclusive right and ten year non-exclusive, the letter stated that if the Council would grant their request that the light plant would be enlarged and they would improve the service all around changing from a direct to alternating current, the Mayor appointed a Committee composed of J. G. Grant, L. C. Patenaude and Ole Johnson to look into the matter and call a special meeting as soon as they had reached an understanding. The next communication was from the Wrangell Fire Department petitioning the Council to confirm the appointment of Mr. Oscar Carlson as Fire Chief and also that he be paid a salary the amount to be named by the Council this matter was referred to the committee on salaries to be reported at the next meeting. The next matter before the Council was the reading of the ordinance, which was approved and ordered printed in the Sentinel. In the report of the water committee Councilman Johnson stated that the work of prospecting for the new dam site was a going along in fine shape, but that they had not yet found bed rock, but from the indications they believe they are under the slide and that bed rock is near. Councilman Grant of the street committee reported that Casiar Street was in bad condition and should be repaired. The Mayor appointed Councilman Patenaude and Albrecht as a special committee to look into the matter of the payment of the assessments of the street work along Front Street as much of it has not been paid. After a lengthy discussion on the prospects of a Fire District in side of which nothing but brick chimneys shall be built, the Council adjourned.

A decree of divorce was granted in the district court yesterday separating John Bradley from Alice Bradley. They were Wrangell citizens.—Empire.

Big Time Coming 4th

The General Committee for the Fourth of July Celebration has been busy the past week in getting the necessary wherewithall for the big time and are not meeting with the success they should. But one thing is sure Wrangell is going to have two days of as good celebrating as has ever been pulled off in the town. Several of the Sub-Committees have been appointed and have started work on their different programs. The committees are

Where is Wrangell's Band? There is a lot of good musicians in Wrangell and what is there to hin-

der them from forming a band and furnishing the music for the Fourth of July and save the bother of importing a band? A good band is an essential thing for a good celebration and we have the material here so lets get busy and practice.

River Boat Up For Repairs

The river boat Vedder arrived in from the Stikine River early Tuesday morning and is now undergoing repairs to her boiler having blew out some five tubes on the trip up. The Captain of the vessel reports having a very hard trip all the way up the river, as the wood was scattered too far apart and the water was very low and on top of this the tubes in the boiler blew out. But on the return trip the river was raising and they had little trouble on the way down.

FOOLED THE STUDENTS.

A Clever Hoax That Was Perpetrated at Harvard University.

Richard Washburn Child, the novelist, when at Harvard university was the originator of a joke which has become perpetuated in the university. The Bookman describes the incident as follows:

"While an undergraduate at Harvard Mr. Child happened to be, among other things, one of the board of editors of the Lampoon. The Crimson, the Harvard undergraduate daily, had announced that it would print no edition on Memorial day, 1901. At Mr. Child's suggestion the Lampoon issued a fake number of the Crimson, delicately enough caricatured to deceive all but the most observant readers.

"The appearance of the college paper was accurately reproduced, even to certain typographical errors for which the Crimson had been notorious, but the contents were such that the whole Cambridge community was for a time in turmoil. Information that the janitor of one of the college laboratories had upset a jar of microbes and that all those who had been near the laboratory should report at once to the college doctor; that so-and-so of the crew squad had rowed himself out of his shell, but had reached shore without ill effects, and that the president and fellows of Harvard college had decided not to offer President McKinley an honorary degree was given with the utmost gravity.

"A statement in the fake that the Crimson was making more money than was warranted and that \$150 on all \$3 subscriptions would be returned that afternoon brought many freshmen to the Crimson office at the appointed time. A sign, hung in the night over the Crimson office, reiterated this announcement and was another part of the hoax. Its complete success was for long the talk of Cambridge and the forbidden subject of conversation in the Crimson sanctum."

LOCAL BRIEFS

H. J. Palmer, Notary Public.
Legal papers drawn. Office at St. Michael Trading Co.

Miss Maragrette Uhler, and a classmate arrived up on one of the late steamers.

C. M. Coulter is getting his gas boat the Clatawa put in shape for the fishing season.

Leo McCormack of the wharf was a business visitor to Ketchikan last week.

Mrs. Fred Wigg and daughter returned from a two weeks visit in Juneau last Sunday on the Humbolt.

The Rink has placed soft drinks for sale in their place this last week. This is an added feature for the skating patrons.

The cannery tender Quin Queen of the Port Beauclaire Packing Co. was in port last Monday. She is in command of Capt. A. H. Hayburg.

Neil Grant and Buster Coulter are passengers over on the Uncle Dan to Calder where they will spend two weeks at the home of John McCullom.

Richard Hofstad and Ole Johnson left Tuesday for a prospecting trip to Chicagoff Island in quest of a marble ledge supposed to be located in that section.

Miss Alice Kincaide of Ketchikan, is visiting at the home of Mrs. Willson and renewing her acquaintance with many old friends of Wrangell.

J. Houghstrom has torn down the old building standing on his lot back of the Sentinel office and is preparing to erect a new one on the grounds.

Harry Wallace and wife, Frank Goodrich wife and family took an outing last Sunday on the gas Boat Lady Mine of Wm. Flemer over to Mill Creek.

Tom Case has moved the soda fountain that has been in the Rink for some time over to his Ice Cream store and will soon be in the market with ice cream sodas.

Marshal Grant returned from a trip to the mine in Groundhog Basin the first of the week and reports the assessment work on the property coming in fine shape.

Misses Margaret Grant and Irene Coulter left on the Uncle Dan for Klawock where they will spend the next two weeks of their vacation at the home Mrs. R. Cole.

Governor J. F. A. Strong and wife were among the passengers on the Spokane northbound last Friday. While the vessel was in port the Governor paid us a short call at the Sentinel Office. While we couldn't get the Governor to set a few sticks of type the visit was a pleasant one.

Sam Cunningham in his gas boat the Ensign took a party to Mill Creek last Sunday on a fishing trip. They report all kinds of fish [but they didn't bring many back]

To make a change on the outside as well as the inside the new Manager of the Wrangell Restaurant is having the building painted. Ralph Hall is applying the brush.

Manager J. G. Grant of the Wrangell Hotel is having the roof of the Hotel treated to a new coat of paint this week. Tony Anderson is spreading it on in his masterful way.

The roof of the Custom House is being replaced with a new set of pretty stained shingles. The old roof was getting in bad condition and the new one is an added improvement to the building.

Earl West was brought in from the Stikine Trail last Saturday for medical treatment. Earl was holding a drill and the hammer slipped and struck his hand smothering the bone of the thumb on his right hand.

The Rink is being treated to a coat of paint this week which makes a big change in the place. Manager Lewis states that when he gets through he will have one of the best amusement houses in Alaska.

The Mariposa cut three nets into in the bay on her last trip north. The fishermen say that the matter was entirely the fault of the Capt. as he was way out of his course and made no attempt to keep clear of them.

J. H. McGehee, Manager of the local Cooperative Fishing Co., returned from San Francisco on the Alameda. Mr. McGehee reports that his trip south has been very successful and the prospects of the Company are better this year than ever.

The Thanhouseer Saloon is receiving a coat of paint this week which adds much to the outward appearance of the place. Charlie Borch says that since he has put in that fine Milwaukee Blue Ribbon Beer the place has to come up to the same standard.

Well it came at last. For the past month Fred Bronson has been giving us our fill about that new boat he was a building up the Stikine River and last Monday he arrived in town in it. But the boat is all right for the river and Fred has given it a very appropriate name of "None Such".

The gas boat Laura May sank at her mooring in the bay near the storage house of the Cooperative Packing Co., last Saturday. The plug in the bottom of the boat came out in some manner and the boat filled with the incoming tide and is apparently little the worse for her trip to the bottom.

Popular Couple Are Married

In the parlor of the Wrangell Hotel last evening, Wednesday June 10, occurred one of the prettiest weddings of the season when Miss Pearl Layton and Mr. William Wallace Reade were united in marriage by Judge W. G. Thomas. The room was very appropriately decorated for the occasion and the ceremony was witnessed by Mr. Oscar Layton, a brother of the bride, and a few friends. Miss Eleanor Lynch acted as Bridesmaid and Mr. M. A. McNurney assisted the Groom.

Sharply at nine o'clock the party was ushered into the parlor. The Bride was dressed very charmingly in a crepe-de-chine gown trimmed in Venetian lace and finished in French Knots; the Bridal Veil was of beautiful Tulle made in a Dutch effect and the train trimmed with Lillies of the Valley. The Groom was dressed in tailored black. After the ceremony the party proceeded to the dining room where a bountiful wedding supper was spread.

Both of the contracting parties are well known here, the Bride coming to Wrangell about six months ago from her home in Toledo, Washington. The Groom has been a resident of Wrangell for the past two years, and both have innumerable friends, with whom the Sentinel joins in wishing them a long and prosperous life.

News Wanted Of Missing Men

The Governor's Office has sent out a call for information regarding several lost persons, and anyone knowing of their whereabouts are requested to notify that office at Juneau. The persons are:

J. Clarence Brown, of Elizabeth town, Kentucky; last heard of in Nome in 1903. Sister anxious to locate him.

James McConnell, a native of Ireland. Miner, supposed to be in Alaska, but last heard of in San Bernardino county California. Relatives inquiring.

Charles S. Kelley of Bangor, Maine. Supposed to have gone into the Chisana region from Prince Rupert. Sister anxious to locate him.

A special meeting of the Wrangell Chamber of Commerce was held last Monday evening. The first before the meeting as the reading of over 20 communications, received in answer to the letters sent out about the Dry Straits, the letters were very interesting and all hold forth great promises for something to be done on this matter at an early date. The next was the Stikine Trail and as the work is going on so good it was thought best to make a trip over there and a committee was appointed for that purpose. Then came the matter of the Chamber taking some action on the Towns Trustee and after every member present had expressed an opinion it was the unanimous consent of the Chamber to send a resolution to Washington through Governor Strong endorsing Mr. N. J. Svindseth.

Ladies Aid Will Give Bazaar

The Presbyterian Ladies' Aid Society announce a Bazaar for the afternoon and evening of Tuesday June 30, at Red Men's Hall. The Bazaar will open at three o'clock with a sale of fancy and useful articles. Afternoon tea will be served from three until six. After six other light refreshments will be served until eleven. For the benefit of the children, the Fish Pond is to be kept well stocked with fish. A concert will be the entertainment for the evening, starting at half past eight.
